2. Prior to 1 May 1954, the mechanical workshop and the circuit workshop formed one department. After their separation, Raschke (fnu) was made head of the circuit workshop, with Kammholz (fnu) as his deputy. Schumann (fnu) remained head of the mechanical workshop, with Alfred Ranner as his deputy.

3. Following are structural changes which also took effect on 1 May 1954:

- a. Axmann (fnu) was appointed head of the General Administration Department under Commercial Director Meisner.
- b. Kasper (fnu) was appointed deputy head of Abteilung Messtechnik under Hahlem.
- c. Krieger (fnu) was appointed head of the Storage Department, under Meisner.
- d. Böhner (fnu) was appointed master for hot and cold forming of precious metals in the Metallurgy Department, under Herz.

[redacted] Segment. Formerly WTBQ-3 of SAC Kassel.
